

Process to Register and Access MongoDB Online courses

Steps to Access On-Demand Training

STEP 1: Click the License Link

To activate your Training, click [here](#)

STEP 2: Register / Log In

Create your university login account.

You must enter a valid Infosys email address.

Note: If you already have a MongoDB University account under a different email address, you can either create a new account with your Infosys address, or update the email on your existing account.

STEP 3: Enroll in Courses

- Go to the main page of MongoDB University and find the “On-Demand” Catalog
- Find a class you would like to take
- Click the course title and then the “Enroll” button.

You are now ready to dive into your courses!
